

Shimadzu

Shimadzu Autosampler Products

- Our glass products are borosilicate USP class 1
- Strain point : 535°C
- Please note that some manufacturers refer to 2mL vials as 1.5mL or 1.8mL

Our recommended vials, caps and inserts are designed to fit Shimadzu autosamplers.

Shimadzu autosamplers can take 2mL screw cap vials, 2mL crimp cap small opening vials or 4mL screw vials.

Below you will find a guideline for the various types of autosamplers.
