PSTPP100-01

PS105540

Clear Bath Algaecide

Clear Bath is a liquid algae inhibitor for use with all types of dissolution bath. Using just 10-15 drops per gallon keeps a dissolution bath clean. One bottle will treat 1500 to 1900 litres of water.

Part No.	Description	OEM Ref
PS105540	Clear Bath Algaecide. 230ml (8fl oz) Bottle	-

AquaClear SF

AquaClear SF is a highly soluble preserving compound, whose properties are ideal for a broad spectrum of biological conditions that are involved in the decomposition of water. AquaClear SF is the only proven biocide solution to the tedious and expensive task of maintain optimum water bath integrity.

Used in the right concentration, it is highly effective against bacteria and fungi. It is also non-hazardous and its environmentally friendly formula does not require you to follow special disposal instructions. This formula has also been enhanced by the addition of special cleaning agents, that will contribute to make subsequent cleaning easier to perform by reducing the effect of microorganism build-up around the bath walls, as well as provide secondary protection to units with recirculating systems.
